ELBURG YACHTING[®]

international yachtbrokers

Very neat and complete SK 12.50 Pilot motoryacht. We like to take you through the ship. From the cockpit you step onto the completely circular sidedecks with no level difference. There are six passages in the railing, plus an entry and exit option via the bow and the bathing platform. The cockpit has an integrated sofa with accompanying cushions. Under the cockpit benches you will find deep lockers where foldable bicycles can be stored. Under the floor of the cockpit is the insulated engine compartment which is accessible via a large cockpit hatch. The wheelhouse and the saloon can be connected by means of a large sliding door which provides a lot of openness. In the wheelhouse there is a U-shaped dinette on window height. This dinette can also be used as an extra sleeping place. The backrest of the sofa can be folded down to sail along as a co-pilot. The steering position has a luxurious pilot seat and a clear dashboard with modern Raymarine navigation equipment. Through a hatch in the floor you get access to the ship's electrical installation and also extra storage space. From the wheelhouse you enter the galley via three steps, which is also fully connected with the wheelhouse due to its open layout. The spacious bathroom with washer-dryer combination is located on the port side. In the bow is the owner's cabin with a spacious double French bed. There are various hanging and cupboards in the front cabin.

This SK 1250 Pilot is further equipped with: Full cockpit tent with removable blinds and a zip-in insect screen (tent renewed in 2024), Haier washer-dryer combination (2022), 2 x solar panels + Victron SmartSolar MPPT 100/50 (2021), Victron touch display + readout via Raymarine plotter, composite top in galley, insect screens for portholes and deck hatches, Exalto wiper system, rear view camera, Hydronautica remote control for bow and stern thruster / forward-reverse and anchor windlass control (2021), AIS for transmitting and receiving, Radio DAB+ with 4 speakers, Hydraulic davits new style installed in 2023 with remote control, electric foldable mast on foredeck, large electrically operated sliding roof in wheelhouse with insect screen and blind, extra 24v alternator on the engine for the 24v system, WiFi router on board, stainless steel fender holder on transom. Clearance height with mast at approx. 4.25 and with folded mast approx. 2.45m.

For questions and/or to make an appointment, you are welcome at Elburg Yachting 7 days a week.
