This Beurtvaarder 13.50 Luxe Motor is an owner-built vessel in which great attention has been paid to construction and finish. Both the hull and the superstructure are constructed from 5 mm Lloyd's Grade A steel. Below the waterline, the hull is double-welded in accordance with Germanischer Lloyd standards, which underscores the vessel's robust construction.

The ship is well insulated with 70 mm Isover insulation featuring an aluminium vapour barrier, ensuring a comfortable stay on board. The layout provides seven fixed berths on a vessel of approximately 15 metres, making it suitable for longer stays and voyages on inland waterways and rivers.

During manoeuvring, the all-round camera system provides additional visibility around the vessel. The tank filler caps are integrated into the bollards. Furthermore, the vessel is fitted with a fixed gunwale, protective covers for the woodwork, a deck wash pump and a roof that can be partially or fully opened.

This self-built vessel is exempt from CE certification. A sturdy and practical vessel with a classic appearance, suitable for comfortable cruising at home and abroad.

For enquiries and/or to make an appointment, you are welcome at Elburg Yachting 7 days a week.
