ELBURG YACHTING®

The Skilla 2000 is a yacht built around strength, space and character. This exceptionally spacious yet sporty Skilla 2000 is powered by 3 x 315 hp Yanmar diesel engines, providing propulsion through three Hamilton waterjets. This combination not only guarantees impressive performance, but also delivers an exceptional cruising experience and excellent manoeuvrability.

The yacht was built by Classicon Composite Yachts in Groot-Ammers, with particular attention paid during the design process to space, comfort and practical usability. Stepping aboard, you are immediately struck by the enormous amount of available space. The headroom is impressive, while the various living areas are also exceptionally generous. As a result, despite her sporty appearance, the Skilla 2000 feels more like a comfortable motor yacht than a traditional high-speed powerboat. The combination of speed, space and comfort makes this yacht remarkably versatile. Whether you are heading out for a day trip, spending a weekend on board or planning longer stays, the Skilla 2000 offers all the possibilities you could wish for. The interior has been designed with extended stays on board in mind, and the yacht's technical equipment is equally well suited to this purpose.

The Skilla is equipped with Kabola central heating and double glazing, ensuring a comfortable stay on board even during the colder months. Combined with the generous interior space, this makes the Skilla 2000 a yacht that allows you to enjoy life on the water not only during the summer, but throughout a large part of the year.

The Skilla 2000 is equally remarkable from a structural perspective. The yacht was built to CE Category A, meaning she was designed for offshore cruising and more demanding conditions at sea. Her composite construction complements this perfectly, contributing to a strong and rigid hull structure.

Ultimately, what makes this Skilla so special is the combination she offers: the appearance and performance of a sporty powerboat, combined with the space and comfort of a fully equipped motor yacht. The three Yanmar engines and Hamilton waterjets provide ample power whenever you want to make use of it, while the generous living spaces invite you to slow down and simply enjoy being on the water.

A yacht for the enthusiast looking for something truly different. Spacious, powerful, comfortable and with a distinctive character that you simply do not encounter every day.

For further information and/or to arrange a viewing, you are most welcome at Elburg Yachting, 7 days a week.
