ELBURG YACHTING[®]

international yachtbrokers

A magnificent, robustly built Altena Blue Water Trawler 45 (14.45) from 2023, featuring hydraulic stabilisers, a support mast, an external second helm station and a spacious interior with three double cabins and two wet rooms with toilet and shower. This trawler is built for longer voyages, suitable for both France and the Baltic Sea, is authorised to sail on the Rhine and has been built with quality and durability in mind. The yacht features a spacious engine room allowing easy access around the engine, and also offers a surprising amount of storage space throughout the yacht, as well as in the large lazarette aft. Furthermore, the yacht is fitted with updated Raymarine navigation equipment, a solar panel system, washer/ dryer, a smoke detector and a carbon monoxide detector.

The yacht's layout is well thought out and gives it a spacious feel. For example, both gangways are comfortably wide, with the guardrail at hip height. The wheelhouse is easily accessed via two side doors, which is very practical when mooring and unmooring, including in locks. The wheelhouse is well-organised and comfortably accommodates two people. The saloon is situated behind the wheelhouse and features a semi-circular dinette, as well as large windows that allow plenty of natural light to flood in. At the stern is the owner's cabin, which has an en-suite bathroom with a toilet and shower. Moving forward through the saloon, you'll find the galley, with the two guest cabins in front of it (the first cabin with a double bed and the second with a double bunk bed). The guest bathroom with shower and toilet is located nearby.

If you have any questions or would like to make an appointment, you are welcome to visit Elburg Yachting 7 days a week.
