ELBURG YACHTING®

international yachtbrokers

This beautiful, robust Stentor 1600 Stabilizers - France Proof, equipped with Vetus stabilisers, was designed by the renowned yacht design studio Vripack and launched in 2004.
Built to the highest standards at the shipyard, this yacht is ideally suited to extended periods on the water, living aboard and, above all, enjoying long boating seasons, even in less favourable weather conditions. She is perfectly equipped for this thanks to features including double-glazed Hora windows in combination with Kabola central heating, a solar panel system and numerous comfortable seating areas throughout the yacht.
This Stentor features a spacious aft deck with a large U-shaped seating area and a fixed bench next to the helm station. The aft deck is finished with teak decking and can be fully enclosed with a canvas cockpit cover. The wheelhouse is fitted with a door on the port side, providing comfortable and easy access to the side deck and the remaining exterior decks. It also features a comfortable fixed bench and an interior helm station.
Further aft, you will find the galley, with the dinette situated opposite. The galley of this Stentor 1600 Stabilizers - France Proof is equipped with a Siemens refrigerator with freezer compartment, Corian worktop, ceramic hob, combination microwave oven, double sink and ample cupboard space. The dinette opposite provides a cosy and inviting seating area.
The owner's cabin is located aft and features a fully equipped en-suite bathroom with toilet, shower and washbasin. The guest cabin, situated forward, also has its own private bathroom with toilet, shower and washbasin.
This Stentor 1600 Stabilizers - France Proof offers an impressive cruising range. At a cruising speed of approximately 7.5 knots, she can achieve a range of around 3,750 nautical miles. She is also suitable for cruising the French canals, thanks to her air draft of less than 3.50 metres. Further equipment includes hydraulic stabilisers, hydraulic bow and stern thrusters with proportional control, walk-around side decks, a stainless steel rubbing strake, eight stainless steel mooring bollards and a large storage compartment in the electrically operated aft section, ideal for storing bicycles and other equipment.
For further information and/or to arrange a viewing, you are most welcome to visit Elburg Yachting, seven days a week.
